11 Steps Towards Success

Easy to implement Safe Efficient

Do you want to work more safely and efficiently?

We have the solution for you!

AMS BAU provides you with a successful concept for improving your employees' health and safety.

AMS BAU consists of:

- questionnaire for current status analysis
- procedure guidelines in 11 steps
- implementation support
- appendix

Your benefits:

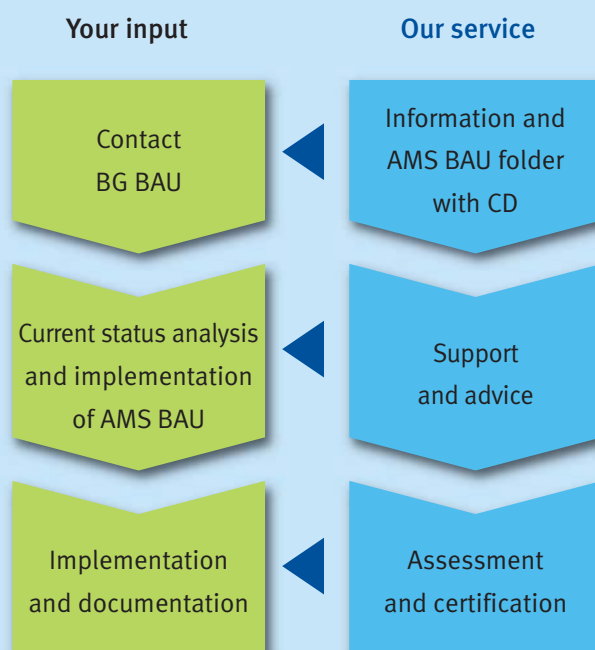

- easy implementation
- legal compliance
- reduced numbers of working hours lost
- competitive advantages
- improved image for your company

AMS BAU certificate

This is how it works:

As a corporate member of BG BAU you can set up and implement AMS BAU – an occupational health and safety management system.

A cost-neutral service from BG BAU.
