

Coronavirus: Minimize the risks!

Basically:

Keep a distance of at least 1,5 - 2 meters from other people.

Cough or sneeze in the crook of your arm, covering your mouth and nose.

Wash your hands regularly and thoroughly with soap and water.

Key questions if you are concerned about infection:

1

Does the person have flu-like symptoms such as fever, cough, shortness of breath due to infection?

„NO“ for all questions ---> Continue to adhere to the basic rules of conduct.

2

Has the person been in contact with a coronavirus patient within the past 14 days?

Answer „YES“ for question 1 and/or 2 ---> Keep your distance and recommend that the person obtains a medical assessment.
